

A Year in Review

2025

In 2025 we deepened commitment to protecting the Ningaloo Reef while sharing its wonders with guests from around the world.

At Ningaloo Reef Dive we aim to continually strengthen our role as a responsible and respected marine tourism operator through conservation, community engagement, and exceptional tourism experiences.

We sincerely thank our crew, guests, community partners, and conservation organisations for their ongoing support. Together, we are helping protect Ningaloo Reef while creating unforgettable experiences on and beneath the water.

Reducing Our Footprint

- **200+ kg** soft & hard plastics recycled
- **50 kg** printer cartridges recycled
- **4,000+** cans, glass & plastic bottles diverted from landfill
- **100+ kg** of food scraps composted
- Became proud supporters of **Lids for Kids**

Clean-Ups in Action

- **4 land-based clean-ups**
- **200+ kg** of rubbish removed and prevented from entering the ocean

Giving Back to the Environment

- Contributed to planting **25+ trees** in Southern WA

Sharing Ningaloo Reef

- Welcomed **4,000+ guests**
- Introduced **70+ new divers** to the underwater world
- Delivered safe, respectful marine experiences

Manta Ray Encounters

- Swam alongside **250+ manta rays**
- Followed best-practice interaction guidelines

Marine Life Highlights

- An abundance of incredible marine life encountered
- Daily reminders of why Ningaloo Reef is so special

Recognition & Achievements

- **We became recognised PADI ECO Centre**
- **Tripadvisor Travellers' Choice Top 10% worldwide 2025**

Looking Ahead to 2026

As we move forward, Ningaloo Reef Dive remains committed to:

- Expanding citizen science opportunities
- Strengthening conservation partnerships
- Leading responsible manta ray interactions
- Continuing to deliver high-quality, low-impact marine tourism experiences
